CLASSIFIED BUSINESS DIRECTORY OF TROY

COPYRIGHT, 1916, SAMPSON & MURDOCK CO.

The classification of Business Headings in the Troy Directory is made in accordance with a Standard List adopted by the Association of American Directory Publishers, September, 1904, to secure uniformity in all the principal directories of the country, and to largely promote the convenience of those making use of this important section of directories.

All headings indicated by * are Special Headings.

Helps you—as all legitimate publicity helps, by keeping your name and business before the public. It shows that you are a live, enterprising factor in the city's life, sure of yourself and confident of your business ability and permanence and with such persons, people like to trade.

Helps your neighbor—for in the long run the success of one is the prosperity of all.

Helps your City,—As this book is on file in the centers of trade all over the U. S., it will be consulted by business men everywhere and the city's enterprise largely estimated by the volume of advertising done by its citizens.

This Company organized an Electric Lighting Department in 1888, taking power from the Cohoes Company and operating water wheels under 90 feet head. Later a power section was added to this department. The City of Cohoes is well piped for gas, and electric lines for power and light cover the city. Consumers' rates are low and favorable contracts are made for power. The Company is progressive and offers favorable inducements to parties desiring to locate.

If You Want To Know What Newspaper in Cohoes is the Best, Ask any Merchant on Remsen Street

Since the paper changed hands on December 1, 1915, the Cohoes Evening Dispatch has gained the confidence of the entire community. The amount of advertising it carries has more than doubled, and its circulation has increased by leaps and bounds. The Dispatch is popular because it prints all the local news in attractive, readable form; it has no party affiliations and for this reason it treats all public questions with absolute impartiality. Accuracy is its cardinal aim.

WARD BOUNDARIES

The City is divided into six wards, bounded and described as follows:

First Ward—All that part of the city included within the following lines, to wit: Commencing at a point in the Mohawk river, where the centre line of Vliet street extended intersects the boundary line of the city; thence westerly along said line and the centre line of Vliet street to its intersection with the Erie canal; thence southerly along the centre of said canal to the centre line of Newcomb street extended westerly to the centre of the lands of the N. Y. C. R. R.; thence westerly along said line to the centre of said railroad company's lands; thence northerly and westerly along the centre line of said railroad company's lands to its intersection to the northerly bounday line of said city; thence northerly and easterly along the boundary line of said city to the place of beginning, shall comprise the first ward.

Second Ward—All that portion of the city comprised within the following lines, to wit: Commencing at a point in the Mohawk river, where the line of Vliet street extended intersects the boundary line of the city; thence easterly and southerly along said boundary line and the centre of the south branch of said river as it flows easterly of Simmons' island, to a point directly east of the south end of said island; thence in a direct line to the point of intersection of the centre of Pine street with the centre of the Champlain canal; thence along the southerly boundary line of the second ward of the village (now city) of Cohoes to its intersection with the Erie canal; thence northerly along the centre of said canal to the centre of Vliet street; thence easterly along Vliet street and the line of Vliet street, extending to the place of beginning, shall comprise the second ward.

Third Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the centre of the south branch of the Mohawk river, directly east of the south end of Simmons' island; thence southerly along the centre of said south branch to a point where the centre line of Cedar street, extended easterly, intersects the same; thence westerly along the said line, and the centre line of Cedar street to the centre of Saratoga street; thence in a direct line to the centre line of Columbia street, where it intersects the centre line of Mohawk street; thence westerly along the centre line of Columbia street to the centre line of the Erie canal; thence northerly along the centre line of said Erie canal to its intersection with the centre line of Newcomb street, extending in a direct line to the centre line of the New York Central railroad; thence easterly along said line of Newcomb street, and the southerly boundary line of the second ward of said city, as hereinbefore defined, to the place of beginning, shall comprise the third ward.

Fourth Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the westerly bounds of the city where the centre line of Columbia street produced westerly would intersect the same, and running thence easterly along the centre line of Columbia street to the centre line of Mohawk street; thence southerly and easterly along the centre line of Mohawk street to its intersection with the centre line of Saratoga street; thence along the centre line of Saratoga street to its intersection with the centre line of Cedar street; thence easterly along the centre line of Cedar street and the same extended easterly to the intersection thereof with the centre line of the south branch of the Mohawk river; thence along said last mentioned centre line of said south branch of the Mohawk river to its point of intersection with the boundary line of said city near Dyke avenue; thence in a southerly direction along said boundary line to its point of intersection with the southerly boundary line of said city; thence along said last mentioned line to the westerly boundary line of said city; thence along said last mentioned line to the place of beginning, shall comprise the fourth ward.

Fifth Ward—All that part of the city included within the following lines, to wit: Commencing at a point where the centre line of the Erie canal intersects the centre line of Columbia street; running thence northerly along the centre line of the Erie canal to a point where it intersects the centre line of Newcomb street extended in a direct line to the centre of said canal; thence westerly in the direct line of Newcomb street extended to the centre line of the lands of the New York Central Railroad Company; thence northerly along the centre line of said lands to the northerly boundary line of said city; thence westerly and southerly along the northerly and westerly boundary lines of said city to their point of intersection with the centre line of the Boght road (now called Manor avenue); thence southerly along the westerly boundary line of said city to the centre line of Columbia street; thence easterly along the centre line of Columbia street to the place of beginning, shall comprise the fifth ward.

Sixth Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the centre line of that portion of the south branch of the Mohawk river flowing between Simmons' island and Van Schaick's island where the same is intersected by the centre line of Ontario street; running thence in a northeasterly direction along the centre portion of said south branch of said Mohawk river to the northern boundary line of said city; thence along said last mentioned line to the easterly boundary line of said city; thence southerly along said last mentioned line to a point in the Hudson river east of the mouth of the middle sprout of the south branch of the Mohawk river; thence westerly along the centre line of said middle sprout to the centre of said south branch; thence northerly and westerly along the centre of the said south branch to the place of beginning, shall comprise the sixth ward.

EXECUTIVE COMMITTEE

J. L. Hill — **R. H. Donnelley** — **A. V. Williams**

The objects of the Association are as follows:

First: **To improve the directory business by the interchange of ideas, and by the exchange of competent employees.**

Second: **To protect the public against fraudulent advertising schemes operated under the name of directories and to drive the promoters of such out of business.**

Third: **To provide permanent and continuous employment for honest and faithful directory canvassers.**

Fourth: **For the mutual advancement of the established and prospective interests of all who may become members of the Association.**

TROY
A LIVE CITY
WHERE INDUSTRIES THRIVE

Population, 76,813.

Population of GREATER TROY" (contiguous communities) 135,000.

Within fifteen miles radius and connected by an excellent trolley car service, is a population of 500,000 from which TROY draws industrial operatives.

TROY is advantageously located from a transportation standpoint being located on the Boston & Maine, New York Central and Delaware & Hudson railroads.

TROY is at the head of navigation on the Hudson and also the terminus of the Erie and Champlain Barge Canals.

A twelve foot channel to TROY is being dredged in the Hudson River by the National Government; the improvement of the channel, the construction of a dam and terminals will cost more than $2,500,000.

Six miles of water front.

TROY is a natural distributing center to all directions.

TROY is the natural "gateway" to and from Northeastern New York and Western Vermont and Massachusetts.

TROY is an educational center, possessing one of the best engineering schools, the Rensselaer Polytechnic Institute; the Emma Willard School for girls and the Russell Sage College of Practical Arts.

TROY IS THE PLACE FOR YOU

The Chamber of Commerce invites new industries and is always willing to investigate for and cooperate with various business enterprises in assisting them to locate in TROY.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it. But it is only seen by those who pass your way.

If you could put a sign where everyone could see it
Would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out.

How to make this Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. ***Put—"We are listed in the directory" in all your copy.*** Tie up your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

ESTABLISHED 1823

THE BANK FOR YOUR SAVINGS

The Troy Savings Bank—a bank of proved strength—is the ideal depositary for your funds.

It has been the guardian of the people's savings for nearly a century and is a purely mutual institution conducted solely in the interests of depositors.

Thousands of men and women have accumulated substantial accounts by regularly depositing a fixed portion—sometimes a very small amount—of their earnings every week or month; what others have done you also can do.

Open your account today with $1.00 or more

How to make this Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. ***Put—"We are listed in the directory" in all your copy.*** Tie up your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

The Troy Observer

M. F. COLLINS, Editor

Observer Publishing Co., Proprietors

Published Every Sunday

The spiciest and newsiest newspaper in Northern New York. The OBSERVER is a twelve and sixteen (as circumstances demand) page paper cut and folded. It has an extensive circulation in the city and suburbs, and also in all towns and villages on the line of every railroad running out of Troy, and connecting lines. Being issued on Sunday, the great reading day, it is an invaluable medium for advertisers, and is so recognized by merchants. The success of the OBSERVER has been phenomenal. Advertising rates furnished on application.

An Advertisement in this Section

Helps you—as all legitimate publicity helps, by keeping your name and business before the public. It shows that you are a live, enterprising factor in the city's life, sure of yourself and confident of your business ability and permanence and with such persons, people like to trade.

Helps your neighbor—for in the long run the success of one is the prosperity of all.

Helps your City.—As this book is on file in the centers of trade all over the U. S., it will be consulted by business men everywhere and the city's enterprise largely estimated by the volume of advertising done by its citizens.

It is a good thing to Advertise in the Directory

The dangerous gasoline and oil fumes have been removed from this garage—easily and inexpensively—by the simple installation of a standard Globe Ventilator

"GLOBE" VENTILATOR

When you have a "GLOBE" on your garage roof, the outside breezes draw out the dangerous fumes—the inside heat passes out freely, causing a cool, fresh interior. Making a pleasant work-room for yourself or chauffeur, free from dangerous gases caused by running engine.

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

EXECUTIVE COMMITTEE

J. L. Hill R. H. Donnelley A. V. Williams

The objects of the Association are as follows:

First: To improve the directory business by the interchange of ideas, and by the exchange of competent employees

Second: To protect the public against fraudulent advertising schemes operated under the name of directories and to drive the promoters of such out of business.

Third: To provide permanent and continuous employment for honest and faithful directory canvassers.

Fourth: For the mutual advancement of the established and prospective interests of all who may become members of the Association.

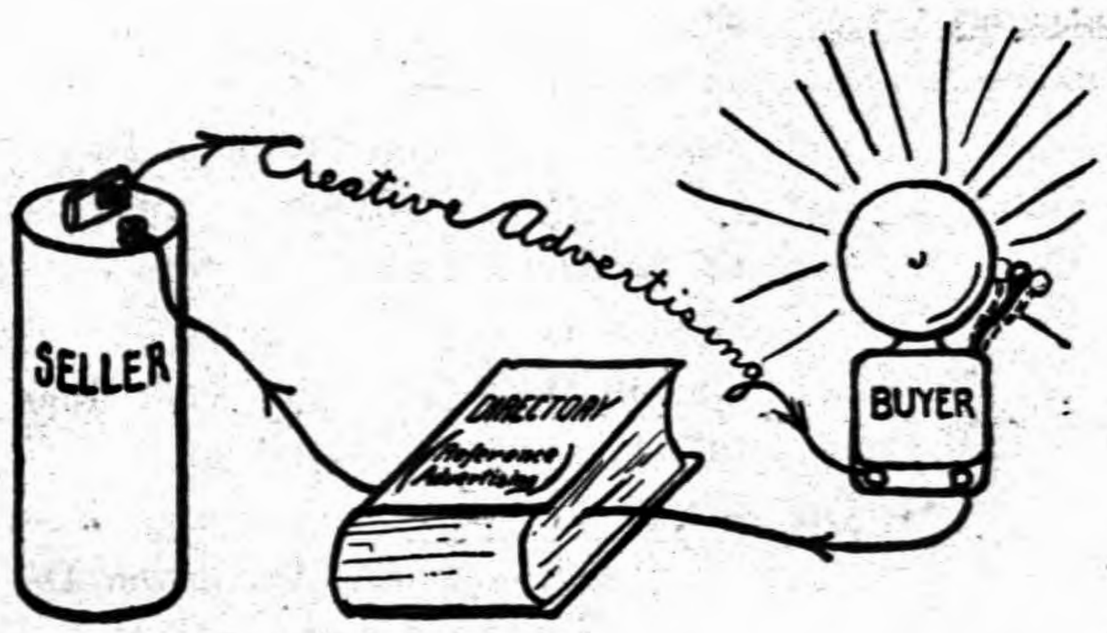
The Return Circuit in Advertising



The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising,—in newspapers, magazines, billboards, etc. tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for buyers' to find *You?*
